First Meeting of Creditors

Resolution 2: Appointment of Inspectors – RESULT

(April 11, 2017)

The number of votes cast for Resolution 2 was 2,041 with a total value in excess of £118 million. Following a detailed review of the proxies received a small percentage of the votes cast (approximately 7%) were disallowed for voting purposes. The basis for disallowing these votes was for a number of different reasons, however, had these proxies been admitted, the determination of the appointed inspectors would not have been different.

A considerable claim exceeding £100m was rejected for voting purposes and has been excluded from these statistics. The Supervisor of Insolvency has entered into correspondence with this creditor in relation to their claim. The Bankruptcy Trustee will adjudicate on this claim in due course.

Of the 16 nominees put forward as inspectors of the estate, five inspectors received the required majority of votes (i.e. more for than against) and are therefore duly appointed as Inspectors of the estate. **The inspectors appointed are:**

1. James Darbyshire

4. Thomas Kelen

2. John Cullen

5. Gareth Fatchett

3. Stewart Haynes

The Bankruptcy Trustee and the Supervisor of Insolvency would like to thank all the nominees who put themselves forward. The Bankruptcy Trustee will shortly be in contact with those appointed as Inspectors.
