Estate No. 11-254489
Court No. B-230347
Vancouver Registry

IN THE SUPREME COURT OF BRITISH COLUMBIA
IN THE MATTER OF THE BANKRUPTCY OF
DOUGLAS LIGHTING CONTROLS INC.

NOTICE OF APPLICATION

Name of Applicant: KPMG Inc., in its capacity as trustee in bankruptcy (in such capacity, the “**Trustee**”) of the estate of Douglas Lighting Controls Inc. (the “**Debtor**”)

To: The parties listed in the service list attached hereto as **Schedule “A”**

TAKE NOTICE that an application will be made by the Trustee to Madam Justice Fitzpatrick at the Courthouse at 800 Smithe Street, Vancouver, British Columbia on September 13, 2023 at 10:00 AM for the Order set out in Part 1 below.

PART 1: ORDER SOUGHT

1. An Order substantially in the form attached hereto as **Schedule “B”** (the “**Vesting Order**”), providing for the following:

- (a) approving the sale transaction (the “**Transaction**”) contemplated by an asset purchase agreement dated August 4, 2023 (the “**Sale Agreement**”) between the Trustee, as vendor, and Signify Holdings B.V., as purchaser (the “**Purchaser**”), and vesting the Acquired Assets as defined in the Sale Agreement (the “**Acquired Assets**”), which constitute all or substantially all of the Intellectual Property (defined below), in the Purchaser free and clear of all encumbrances; and
- (b) such further and other relief as counsel may advise and this Honourable Court may allow.

PART 2: FACTUAL BASIS

The Debtor's Bankruptcy and Background

1. On June 13, 2023, the Debtor filed an assignment for the general benefit of creditors pursuant to section 49 of the *Bankruptcy and Insolvency Act*, R.S.C. 1985, c. B-3, as amended (the “**BIA**”). On that same day, June 13, KPMG Inc. was appointed as Trustee of the estate of the Debtor by the official receiver. The Trustee’s appointment was subsequently affirmed at the first meeting of creditors on June 27, 2023.
2. The Debtor developed advanced lighting control systems and end-to-end energy-efficient digital lighting control solutions for commercial customers, including businesses, commercial buildings, campuses and sports complexes.
3. The Debtor is a wholly owned subsidiary of Universal Douglas Lighting Americas Inc. (“**UDLA**”), a private Delaware corporation. Universal Lighting Technologies, Inc. (“**ULT**”) is also a subsidiary of UDLA. The operations of the Debtor were largely integrated with the operations of ULT, and the Debtor relied upon ULT to manufacture inventory and provide order fulfilment for the Debtor’s sales to third-party customers.
4. In January 2023, UDLA’s primary investor ceased funding, and as a result, UDLA retained Riveron Consulting LLC (“**Riveron**”) as Chief Restructuring Officer to review and assess strategic options available, including a potential sale of some or all of the business.
5. Due to UDLA’s sustained losses and tight liquidity, a turnaround or sale of UDLA was not considered feasible in the circumstances. As a result, UDLA and the Debtor, *inter alios*, were neither able to support operations nor satisfy the terms of their secured debt, and determined with their financiers that the best way to preserve value for all stakeholders was to effectuate a wind down of the business, which was announced in March 2023.
6. Accordingly, the Debtor filed the assignment in bankruptcy as referred to above.

Intellectual Property

7. As of the assignment date, the Debtor owned certain intellectual property connected with its lighting business (the “**Intellectual Property**”). The Intellectual Property consists of, among other things: (i) patents; (ii) patent applications; (iii) industrial designs; (iv) design applications; (v) trademarks; (vi) other intellectual property rights; and (vii) certain documents, records, correspondence, files and similar things connected with the foregoing. The Acquired Assets consist of all or substantially all of that Intellectual Property.

The Sales Process

8. The Debtor underwent a sales process (the “**Sales Process**”) that began pre-filing and was initially run by Riveron until the Debtor assigned into bankruptcy on June 13, 2023, after which, the Trustee ran the Sales Process.
9. Following UDLA’s announcement of the wind-down of its business in March 2023, it began receiving unsolicited calls from potential purchasers interested in its business and/or assets, including the Debtor and its other subsidiaries. Due to the integrated nature of their operations, the Trustee was advised that the assets of ULT and the Debtor were marketed both together and on a standalone basis to prospective purchasers.
10. Interested parties were required to sign non-disclosure agreements (“**NDAs**”) in order to receive additional information and access to a confidential data room. The Trustee understands a total of 35 NDAs were signed, including from the Purchaser. The Trustee understands that while no formal bid deadline was provided to interested parties, Riveron encouraged them to submit non-binding letters of interest (“**LOI**”) as soon as practicable given the announced wind-down of UDLA’s operations.
11. Between April and June 2023, Riveron received a total of four non-binding LOIs for the intellectual property assets, including from the Purchaser. Other interested parties withdrew their LOIs due to the lack of commitment from former employees to return, coupled with the inability to get ULT inventory out of Mexico.
12. After its appointment, the Trustee advised any interested party that its intention was to seek direction from any inspectors appointed at the first meeting of creditors and that any such party was required to provide a non-binding LOI to the Trustee by no later than 9am PST on June 27, 2023. The Trustee only received one LOI, being that of the Purchaser.
13. At the first meeting of creditors, only one inspector was appointed (the “**Inspector**”), being an executive of ULT, who approved the LOI of the Purchaser on August 4, 2023.
14. The Trustee received one unexecuted LOI thereafter, however, the Trustee was of the view that the new LOI was not feasible. The new offeror has not followed up with the Trustee since late June 2023.
15. Since June 27, 2023, the Trustee and its legal counsel have worked with the Purchaser and its advisors to advance due diligence and negotiate the Sale Agreement. Despite the integrated nature of the intellectual property assets, the Trustee notes that the Purchaser also negotiated a separate asset purchase agreement with ULT to acquire ULT’s intellectual property assets, which transaction closed on or about August 4, 2023 (the “**ULT Transaction**”). A

purpose of this was to provide for a mechanism to obtain the Vesting Order under a separate Canadian asset purchase agreement.

16. On closing of the ULT Transaction, and given the integrated nature of the intellectual property assets of ULT and the Debtor, ULT provided the Purchaser with a hard drive containing the material documentation relating to such intellectual property assets, including related to the Acquired Assets. The Purchaser has agreed to certain provisions to protect the documentation associated with the Intellectual Property pending receipt of the Vesting Order, if granted by this Honourable Court.
17. The Trustee is of the view that the granting of the Vesting Order is in the best interests of the bankruptcy estate and creditors for the following reasons:
 - (a) the Sales Process was fair and reasonable in the circumstances and exposed the opportunity to any likely bidder for the Intellectual Property;
 - (b) the Sale Agreement represents the only viable offer received by the Trustee for the Intellectual Property and the estate lacks the sufficient resources to further market the assets for sale without putting the Transaction at risk;
 - (c) the Transaction would be substantially more beneficial to the Company's unsecured creditors as compared a liquidation of the Intellectual Property, which have limited realizable value given the nature of the underlying assets;
 - (d) absent a sale of the Intellectual Property, there is considerable risk that there would be minimal recovery to the Company's unsecured creditors;
 - (e) as the Purchaser already owns the ULT intellectual property, it is the logical buyer for the Intellectual Property of the Debtor given the integrated nature of the intellectual property and the historic relationship between the entities;
 - (f) there are considerable execution risks around the feasibility of a stand-alone sale of the Acquired Assets to a party other than the Purchaser; and
 - (g) the Inspector approved the Transaction.

The Vesting Order

18. The issuance and entry of the Vesting Order is a condition of the Sale Agreement.
19. The Trustee recommends and respectfully requests that this Honourable Court grant the Vesting Order.

PART 3: LEGAL BASIS

Powers Exercisable by Trustee

1. Pursuant to section 30 of the BIA, a Trustee may, with the permission of the inspectors, sell or otherwise dispose of all or any part of the property of the bankrupt for such price or other consideration as the inspectors may approve.
2. The Sale Agreement was approved by the Inspector on August 4, 2023.

Court Approval of a Sale

3. In the context of receivership proceedings, the receiver's decisions and judgments should be given great weight by the Court that appointed it, so long as the court-appointed officer acts properly with consideration for the *Soundair* factors.

Royal Bank of Canada v. Soundair Corp.,
[1991] 4 O.R. (3d) 1, 83 D.L.R. (4th) 76 (C.A.)
("Soundair"), at para 58.

4. The *Soundair* factors are:
 - (a) whether the court officer has made sufficient effort to get the best price and has not acted improvidently;
 - (b) whether the transaction is in the interests of all parties;
 - (c) the efficacy and integrity of the process by which offers are obtained; and
 - (d) whether there has been unfairness in the working out of the process.

Soundair at para 16.

5. In BC, the *Soundair* factors have been applied to approve sales in the context of bankruptcy and receivership proceedings and in CCAA proceedings.

Bison Properties Ltd. (Re), 2016 BCSC 793, at
para 136.

Port Capital Development (EV) Inc. (Re), 2022
BCSC 1464, at para 53.

6. With respect to court approval of a sale, the Trustee submits that a sale by a trustee is analogous to a sale by a receiver, and that the principles and law applicable in the receivership context are equally applicable in the bankruptcy context. Accordingly, the Trustee submits that this Court should consider the *Soundair* factors in determining whether to grant the Vesting Order.

7. The Trustee submits that the *Soundair* factors support the granting of the Vesting Order in these circumstances:
 - (a) *Sufficient effort to get the best price.* After Riveron received 35 NDAs which ultimately resulted in four LOIs that were narrowed down to one LOI from the Purchaser, the Purchaser and the Trustee negotiated the Sale Agreement, which represents the only viable offer received by the Trustee.
 - (b) *Interests of all parties.* the Transaction would be substantially more beneficial to the Company's unsecured creditors as compared to a liquidation of the Intellectual Property, which has limited realizable value given the nature of the underlying assets. Absent a sale of the Intellectual Property, there is considerable risk that there would be minimal recovery to the Company's unsecured creditors.
 - (c) *Efficacy and integrity of the process.* The Sales Process was conducted in a fair and reasonable manner and exposed the opportunity to any likely bidder for the Intellectual Property. The Trustee acted fairly and reasonably by, *inter alia*, following through from Riveron in the Sales Process, contacting the interested parties, and giving them a reasonable time to resubmit LOIs
 - (d) *Unfairness in the working out of the process.* As of the date hereof, no party has alleged that the Sales Process was conducted in an unfair manner. The Inspector approved the Transaction. No party has objected to the Inspector-approved Sale Agreement.
8. The fundamental purpose of a sale approval motion is to consider the best interest of the parties with a direct interest in the proceeds of the sale, primarily the creditors.

Skyepharma plc v. Hyal Pharmaceutical Corp.,
[2000] 47 O.R. (3d) 234, 15 C.B.R. (4th) 298
(C.A.), at para 26.

9. As the Purchaser already owns the ULT intellectual property, it is the logical buyer for the Acquired Assets given the integrated nature of the intellectual property and the historic relationship between the entities. There are considerable execution risks around the feasibility of a stand-alone sale of the Acquired Assets to a party other than the Purchaser.
10. If the court officer has acted fairly and reasonably, and not arbitrarily, the Court will ordinarily approve the recommendation of the court officer.

Integrated Building Corp. v. Bank of Nova Scotia, [1989] 75 C.B.R. (N.S.) 158 (Alta. C.A.).

11. The Trustee submits that, when the *Soundair* principles and the law outlined above are applied in the present case, it is in the best interest of the creditors of the Debtor and within the authority of this Court to grant the Vesting Order.
12. For the reasons set forth above, the Trustee respectfully requests that this Court grant the Vesting Order.

)

ON THE APPLICATION of KPMG Inc., in its capacity as trustee of the estate (the “**Trustee**”) of Douglas Lighting Controls Inc. (the “**Bankrupt**”) coming on for hearing at Vancouver, British Columbia, on the 13th day of September, 2023; AND ON HEARING Nick Carlson, counsel for the Trustee, and those other counsel listed on **Schedule “A”** hereto, and no one else appearing, although duly served; AND UPON READING the material filed, including the Report of the Trustee dated August 31, 2023 (the “**Report**”);

THIS COURT ORDERS AND DECLARES THAT:

1. The sale transaction (the “**Transaction**”) contemplated by the Asset Purchase Agreement dated August 4, 2023 (the “**Sale Agreement**”) between the Trustee and Signify Holding B.V. (the “**Purchaser**”), a copy of which is attached hereto as **Schedule “B”** is hereby approved, and the Sale Agreement is commercially reasonable. The execution of the Sale Agreement by the Trustee is hereby authorized and approved, and the Trustee is hereby authorized and directed to take such additional steps and execute such additional documents as may be necessary or desirable for the completion of the Transaction and for the conveyance to the Purchaser of the assets described in the Sale Agreement (the “**Acquired Assets**”).
2. Upon delivery by the Trustee to the Purchaser of a certificate substantially in the form attached as **Schedule “C”** hereto (the “**Trustee’s Certificate**”), all of the Bankrupt’s right, title and interest in and to the Acquired Assets described in the Sale Agreement shall vest absolutely in the Purchaser in fee simple, free and

clear of and from any and all security interests (whether contractual, statutory, or otherwise), hypothecs, mortgages, trusts or deemed trusts (whether contractual, statutory, or otherwise), liens, executions, levies, charges, or other financial or monetary claims, whether or not they have attached or been perfected, registered or filed and whether secured, unsecured or otherwise (collectively, the “**Claims**”) and, for greater certainty, this Court orders that all of the Claims affecting or relating to the Acquired Assets are hereby expunged and discharged as against the Acquired Assets.

3. For the purposes of determining the nature and priority of Claims, the net proceeds from the sale of the Acquired Assets shall stand in the place and stead of the Acquired Assets, and from and after the delivery of the Trustee’s Certificate all Claims shall attach to the net proceeds from the sale of the Acquired Assets with the same priority as they had with respect to the Acquired Assets immediately prior to the sale, as if the Acquired Assets had not been sold and remained in the possession or control of the person having had possession or control immediately prior to the sale.
4. The Trustee is to file with the Court a copy of the Trustee’s Certificate forthwith after delivery thereof.
5. Subject to the terms of the Sale Agreement, possession of the Acquired Assets, shall be delivered by the Trustee to the Purchaser at the time of Closing (as defined in the Sale Agreement).
6. The Trustee, with the consent of the Purchaser, shall be at liberty to extend the Closing Date (as defined in the Sale Agreement) to such later date as those parties may agree without the necessity of a further Order of this Court.
7. Notwithstanding:
 - (a) these proceedings;
 - (b) any applications for a bankruptcy order in respect of the Bankrupt hereafter made pursuant to the *Bankruptcy and Insolvency Act* and any bankruptcy order issued pursuant to any such applications; and
 - (c) any future assignment in bankruptcy made by or in respect of the Bankrupt,

the vesting of the Acquired Assets in the Purchaser pursuant to this Order shall be binding on any trustee in bankruptcy that may be appointed in respect of the Bankrupt and shall not be void or voidable by creditors of the Bankrupt, nor shall it constitute or be deemed to be a transfer at undervalue, fraudulent preference, assignment, fraudulent conveyance or other reviewable transaction under the *Bankruptcy and Insolvency Act* or any other applicable federal or provincial

legislation, nor shall it constitute oppressive or unfairly prejudicial conduct pursuant to any applicable federal or provincial legislation.

8. THIS COURT HEREBY REQUESTS the aid and recognition of any court, tribunal, regulatory or administrative body, wherever located, to give effect to this Order and to assist the Trustee and its agents in carrying out the terms of this Order. All courts, tribunals, regulatory and administrative bodies are hereby respectfully requested to make such orders and to provide such assistance to the Trustee, as an officer of this Court, as may be necessary or desirable to give effect to this Order or to assist the Trustee and its agents in carrying out the terms of this Order.
9. The Trustee or any other party have liberty to apply for such further or other directions or relief as may be necessary or desirable to give effect to this Order.
10. Endorsement of this order by counsel appearing on this application, other than counsel for the Trustee, is dispensed with.

5.3 Other Pre-Closing Covenants. Between the date hereof and the Closing, or the earlier termination of this Agreement, each party agrees (a) that it will not take any action that would cause or result in any of the representations and warranties of such party set forth in this Agreement not being true and correct and (b) to use commercially reasonable efforts to take, or cause to be taken, all actions, and do, or cause to be done, and to assist and cooperate with the other party or parties in doing, all things reasonably necessary, proper or advisable to consummate the transactions contemplated hereby and to satisfy or cause to be satisfied all of the conditions precedent that are set forth in Article VI, as applicable to each of them.

5.4 Public Announcements. Neither Buyer nor Seller or any Affiliate thereof shall issue or permit to be issued any press release or make any public disclosure or announcement relating to the terms of this Agreement, the Transaction or identifying the other party hereto without the prior written approval of such party. Notwithstanding the foregoing, either party may disclose certain information relating to this Agreement if required by Law or by legal, judicial or regulatory process and in relation to the motion to be filed in support of the Approval and Vesting Order; provided that, prior to making any such disclosure, such party shall provide reasonable advance notice to the other party.

The parties hereby agree that the Acquired Assets are not subject to PST. However, in the event it is determined by a Governmental Authority that there is a liability of Buyer to pay, or of Seller to collect and remit, (i) any PST, or (ii) any GST/HST exigible pursuant to the ETA in respect of the sale and assignment of the Acquired Assets by Seller as a result of the Canada Revenue Agency determining that Buyer is not a non-resident person and/or who is registered for GST/HST purposes at the time the supply of the Acquired Assets is made, then for either (i) or (ii), Buyer shall pay such Taxes, including any penalties and interest thereto, and shall indemnify and hold Seller harmless with respect to such amount; provided, however, in the case of (ii), that Seller shall at Buyer’s request provide Buyer with all documentation and information reasonably required by Buyer to have the right to claim input tax credits or rebates under the ETA in respect of such Taxes to which it is entitled and shall use its reasonable best efforts to promptly assist Buyer with the preparation of such claim.

THIS COURT ORDERS AND DECLARES THAT:

1. The sale transaction (the “**Transaction**”) contemplated by the Asset Purchase Agreement dated _____, 2023 (the “**Sale Agreement**”) between the Trustee and Signify Holding B.V. 2. Upon delivery by the Trustee to the Purchaser of a certificate substantially in the form attached as Schedule “C” hereto (the “**Trustee’s Certificate**”), all of the Bankrupt’s right, title and interest in and to the Acquired Assets described in the

Sale Agreement shall vest absolutely in the Purchaser in fee simple, free and clear of and from any and all security interests (whether contractual, statutory, or otherwise), hypothecs, mortgages, trusts or deemed trusts (whether contractual, statutory, or otherwise), liens, executions, levies, charges, or other financial or monetary claims, whether or not they have attached or been perfected, registered or filed and whether secured, unsecured or otherwise (collectively, the “**Claims**”) and, for greater certainty, this Court orders that all of the Claims affecting or relating to the Acquired Assets are hereby expunged and discharged as against the Acquired Assets.
