

Korea

The KPMG Korea desk in the Netherlands has been established to help Korean corporations take advantage of business and expand their business in the Netherlands, and also to help Dutch corporations investment opportunities in Korea.

Our audit, advisory and tax professionals who are assigned to the Korea desk have extensive knowledge and experience with regard to the investment environment in Korea and the Netherlands.

Teams of specialists who know the field

The Korea Desk Team can provide specialist support to Korean companies entering the European market or expanding their existing European operations, and to Dutch companies that are considering expanding into Korea. In particular, the Korea Desk in the Netherlands is the leading desk of the KPMG EU Korea Practice that acts as a priority gateway to support Korean clients to grow and operate in European countries and assist clients in European countries to invest and operate business in Korea.

The Korea Desk delivers a set of multidisciplinary (Audit, Tax, Advisory etc.) services for all industries. Our customized and tailored services are based on deep, extensive knowledge to meet various clients' needs. We select the team that is appropriate for you by identifying resources within our practice and combining them with experienced professionals throughout KPMG member firms.

We can work with you as a strategic partner for successfully doing business in Europe, including the Netherlands and Korea. We offer our services in the Korean, Dutch and English languages.

Our services include

- market entry strategy development and execution
- investment opportunity identification and analysis
- transaction negotiation through to deal completion
- commercial and financial due diligence
- taxation structuring and advisory
- a broad range of audit, tax and other advisory services.

The opportunities: good logistics and a favorable tax climate in the Netherlands

The Netherlands provides Korean companies with a springboard into Europe, thanks to the excellent logistics and favorable tax climate. More than 50 Korean companies are

already located in the Netherlands, and many of them have their regional headquarters here.

Global Korea Practice

Korea is a key country in KPMG's International growth strategy, identifying Korean companies as rapidly globalizing and growing in importance to the global economy. Samjong KPMG Global Korea Practice ("GKP") plays a critical role in Samjong KPMG's globalization efforts, placing seconded Korean staff in key overseas markets and linking these professionals with strong local teams.

With around 30 locations in 23 countries worldwide, Samjong KPMG's GKP supports Korean businesses to identify new business opportunities, enter new markets and develop strong operations across national and cultural borders.

GKP professionals provide multidisciplinary financial and accounting services in a range of fields across audit, tax and advisory, delivering value to Korean clients operating in the global market.

What if even bigger opportunities present themselves for your Korean company elsewhere in Europe? Korea Desk in the Netherlands is integrated into KPMG's European network. We will be happy to give you details of our colleagues at one of the Korea Desks elsewhere in Europe. Please feel free to contact the KPMG Korea Desk.
