

Together, enabling the precision medicine ecosystem

Our shared vision

Diaceutics and KPMG (KPMG LLP) share a passion for precision medicine and a belief in the power of efficient diagnostic pathways to unlock improved patient outcomes across the care continuum. We have combined KPMG and Diaceutics' extensive expertise, data, and industry reputations transforming precision medicine businesses and commercializing precision medicines to bring an enhanced offering to our clients worldwide.

A snapshot of our Precision Medicine offerings

Strategy

Corporate, portfolio and brand-level strategies across all functional areas, underpinned by data-driven insights and tactical implementation

Deals

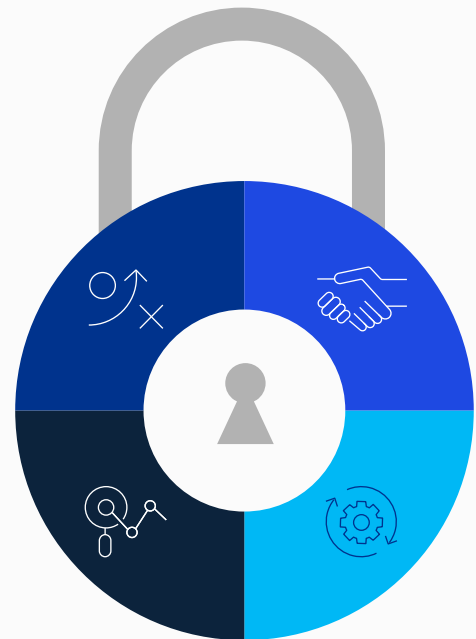

Support throughout the lifecycle – from diligence through to integration & separation to help maximize deal value

Operations

Organizational structure & RACI, process mapping, and execution/tactics, ensuring all levels and functions of the organization are optimized for successful execution in precision medicine

Data & Analytics

Underpinning our offerings are our industry-leading data and analytics capabilities, which can enable decision-making and execution across our client organizations

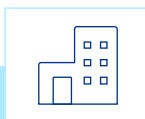

Together, we unlock the potential of Precision Medicine

Value proposition

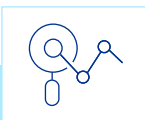

From tactical brand support to transformational organizational strategy, we bring the right capabilities to address your challenges

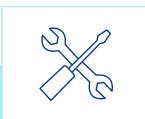

Our breadth of experience across the precision medicine ecosystem, includes advising biopharma, diagnostics and life science tools, academic medical systems and labs

Global presence with KPMG independent member firms providing local expertise and insights across your key markets

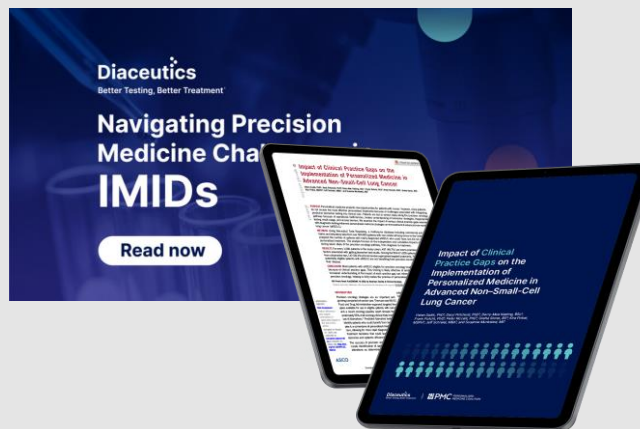

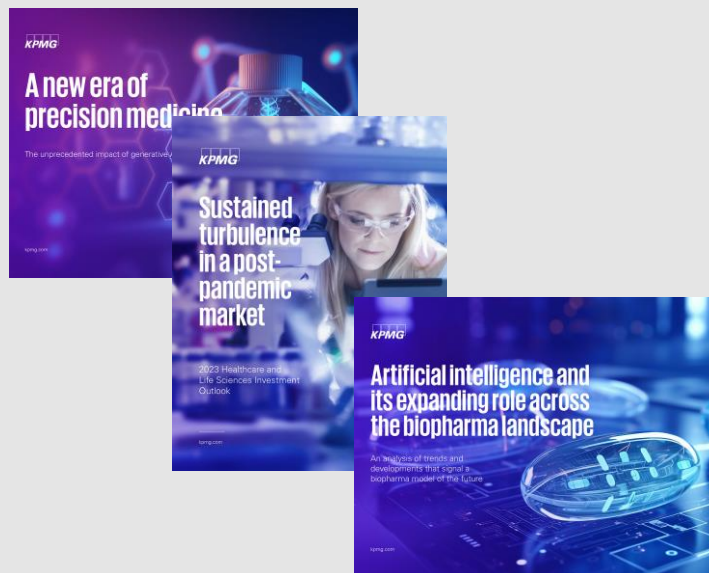

Proprietary data sources and strong analytical capabilities to support strategy & execution

Complementary teams with deep expertise across the precision medicine ecosystem
