

Issues and Insights

Housing starts fall, the rise of the Chief AI Officer, new cybersecurity threats, integrity and ethics training, the corporate alternative minimum tax (CAMT), and more.

July 2024

IMPLEMENTING MODERN TECHNOLOGY ARCHITECTURE

Housing starts tumble

The traditionally busy home buying season is being dampened by the “higher for longer” interest rate environment. That’s bad news for millennials, who are reaching their prime home buying years. See what else it might portend, and what it means for you.

THE SEC’S CLIMATE RULE

Do you have a Chief AI Officer yet?

AI’s evolution from niche to necessity highlights the need to master its intricacies under the guidance of a Chief AI Officer (CAIO). A CAIO drives ethical AI integration, unlocks transformative growth, and sets a new digital standard for an enterprise. See why it’s so important for your future. INFLATION, THE FED

KPMG develops ethics and integrity training plans

As technology tests system integrity and raises new ethical questions, KPMG offers a catalogue of web-based learning programs to help you identify, define, and meet the requirements of ethical behavior in today’s changing environment. See which learning modules are most appropriate for you. [Ethics & Integrity Learning \(kpmg.com\)](#)

YOU

Webcast: Corporate alternative minimum tax compliance considerations

This 60-minute webcast explores actionable steps businesses can take to comply with the corporate alternative minimum tax (CAMT) regulations and meet related reporting requirements. We’ll focus on obligations affecting corporations that do not qualify for the safe harbor but anticipate being out of scope. [Corporate Alternative Minimum Tax Compliance Considerations \(kpmg.com\)](#)
