

KPMG AI Accounting Analysis Platform for DISE

Navigating New Expense Disclosures

The new standard for Disaggregation of Income Statement Expenses (DISE) may present significant challenges, requiring companies to navigate complex requirements and fragmented data. The **KPMG AI Accounting Analysis Platform** is your next-generation solution designed to help meet these challenges. It harnesses AI, guided by our accounting experience, to help transform our clients' 10K's into structured insights—moving clients from uncertainty to action.

An AI-Powered Path to Compliance

Driving Successful Engagement Readiness

By combining KPMG professionals' experience with our proprietary AI-powered platform, we analyze your 10-K data to generate a customized impact assessment and an illustrative disclosure example. The result is a set of practical outputs that accelerate decision-making, support stakeholder discussions, and jumpstart your implementation journey.

Key differentiators

Accelerate Clarity on DISE Readiness

Quickly identify the key impacts and practical challenges of DISE on your organization to jumpstart your implementation planning.

Build a Clear Action Plan

Use the platform's outputs to help understand the full scope of effort required, enabling you to build a robust and efficient implementation roadmap.

Leverage an AI-Driven Approach

Move beyond traditional static deliverables. Our platform helps to deliver valuable insights with distinguished speed, depth, and consistency.

Trust in an Expert-Driven Framework

Built on our secure infrastructure, the platform combines advanced AI with a rules engine curated by our top DISE subject matter professionals.

Master New Disclosure Rules

The platform is purpose-built to help you navigate the new disclosure rules and understand what may be required for adoption.

Actionable, AI-Driven Outputs

The KPMG AI Accounting Analysis Platform provides two AI-driven, actionable outputs – curated to your unique facts and circumstances. Deliverables include:

Anticipated Impact Assessment

- Receive a clear and concise report detailing how the DISE standard may specifically impact your financial statements.
- Highlights practical challenges and common pain points, drawing on our deep DISE experience to provide actionable insights.

Illustrative Example

- Simulate illustrative disclosure based on your unique inputs.
- Helps visualize potential outcomes and understand the level of disaggregation that may be required to achieve compliance.
- Designed as a robust, practical example to inform implementation planning and risk discussions, but is not a financial reporting template.
