Belgium: Announced Opening of CRS Portal and Extended CRS Reporting Deadline

On 20 June 2025, the Belgian Federal Public Service Finance (FPSF) announced that the MyMinfin CRS portal (see [here](#)) is now open in both simulation and production environments for the submission of CRS reports for the 2024 calendar year. Financial Institutions (FIs) should currently submit CRS reports for all reportable accounts for the reportable jurisdictions specified in the Royal Decree of 1 July 2024 (see [here](#)). Once the upcoming Royal Decree establishing the updated list of participating and reportable jurisdictions for calendar year 2024 is published, the FPSF will allow reporting for accounts related to the new jurisdictions. FIs can then supplement their initial submissions to include any accounts from the newly added jurisdictions.

Additionally, due to delays in the publication of the Royal Decree, the CRS reporting deadline for the 2024 calendar year has been extended to 31 July 2025. Notably, this extension applies only to reports submitted for the 2024 calendar year and should not be considered as a precedent.

As a reminder, reporting FIs with no reportable accounts must still submit a nil return by selecting the relevant checkbox in the MyMinfin portal, as outlined in Chapter 10 of the Belgian CRS guidance, (see [here](#)).
